THE COLONIAL 1971

Shrewsbury High School
Shrewsbury, Massachusetts

In an effort to emphasize our theme of change, this book has been arranged according to seasons. Therefore, an activity or sport can be located under its most active season.

This Book Is Dedicated

It Can Begin

To Brotherhood

With Us.

We are all a part of something much larger than ourselves.

We are citizens, Americans, members of a race.

We are part of a society, a generation,

*But above all, we must
be ourselves, we are in-
dividuals.*

*Time has passed,
we have all changed.*

We are still changing.

We came here, not knowing who we were.

There were beautiful moments—

and

There were many

lonely moments...

We watched and waited,

We struggled and competed,

We tried to find an answer.

We must experience the truth of this moment

for it will it will be no more.

LIFE

it will give you only what you ask of it

So, as we leave, we leave

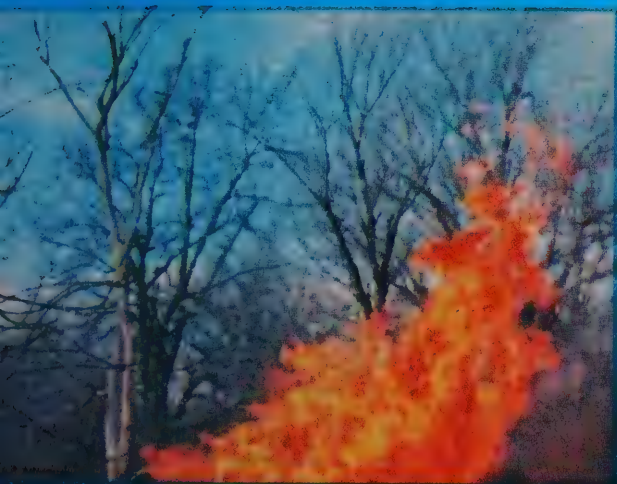

knowing ourselves a little better,

And yet, still wondering who we really are, and what lies ahead.

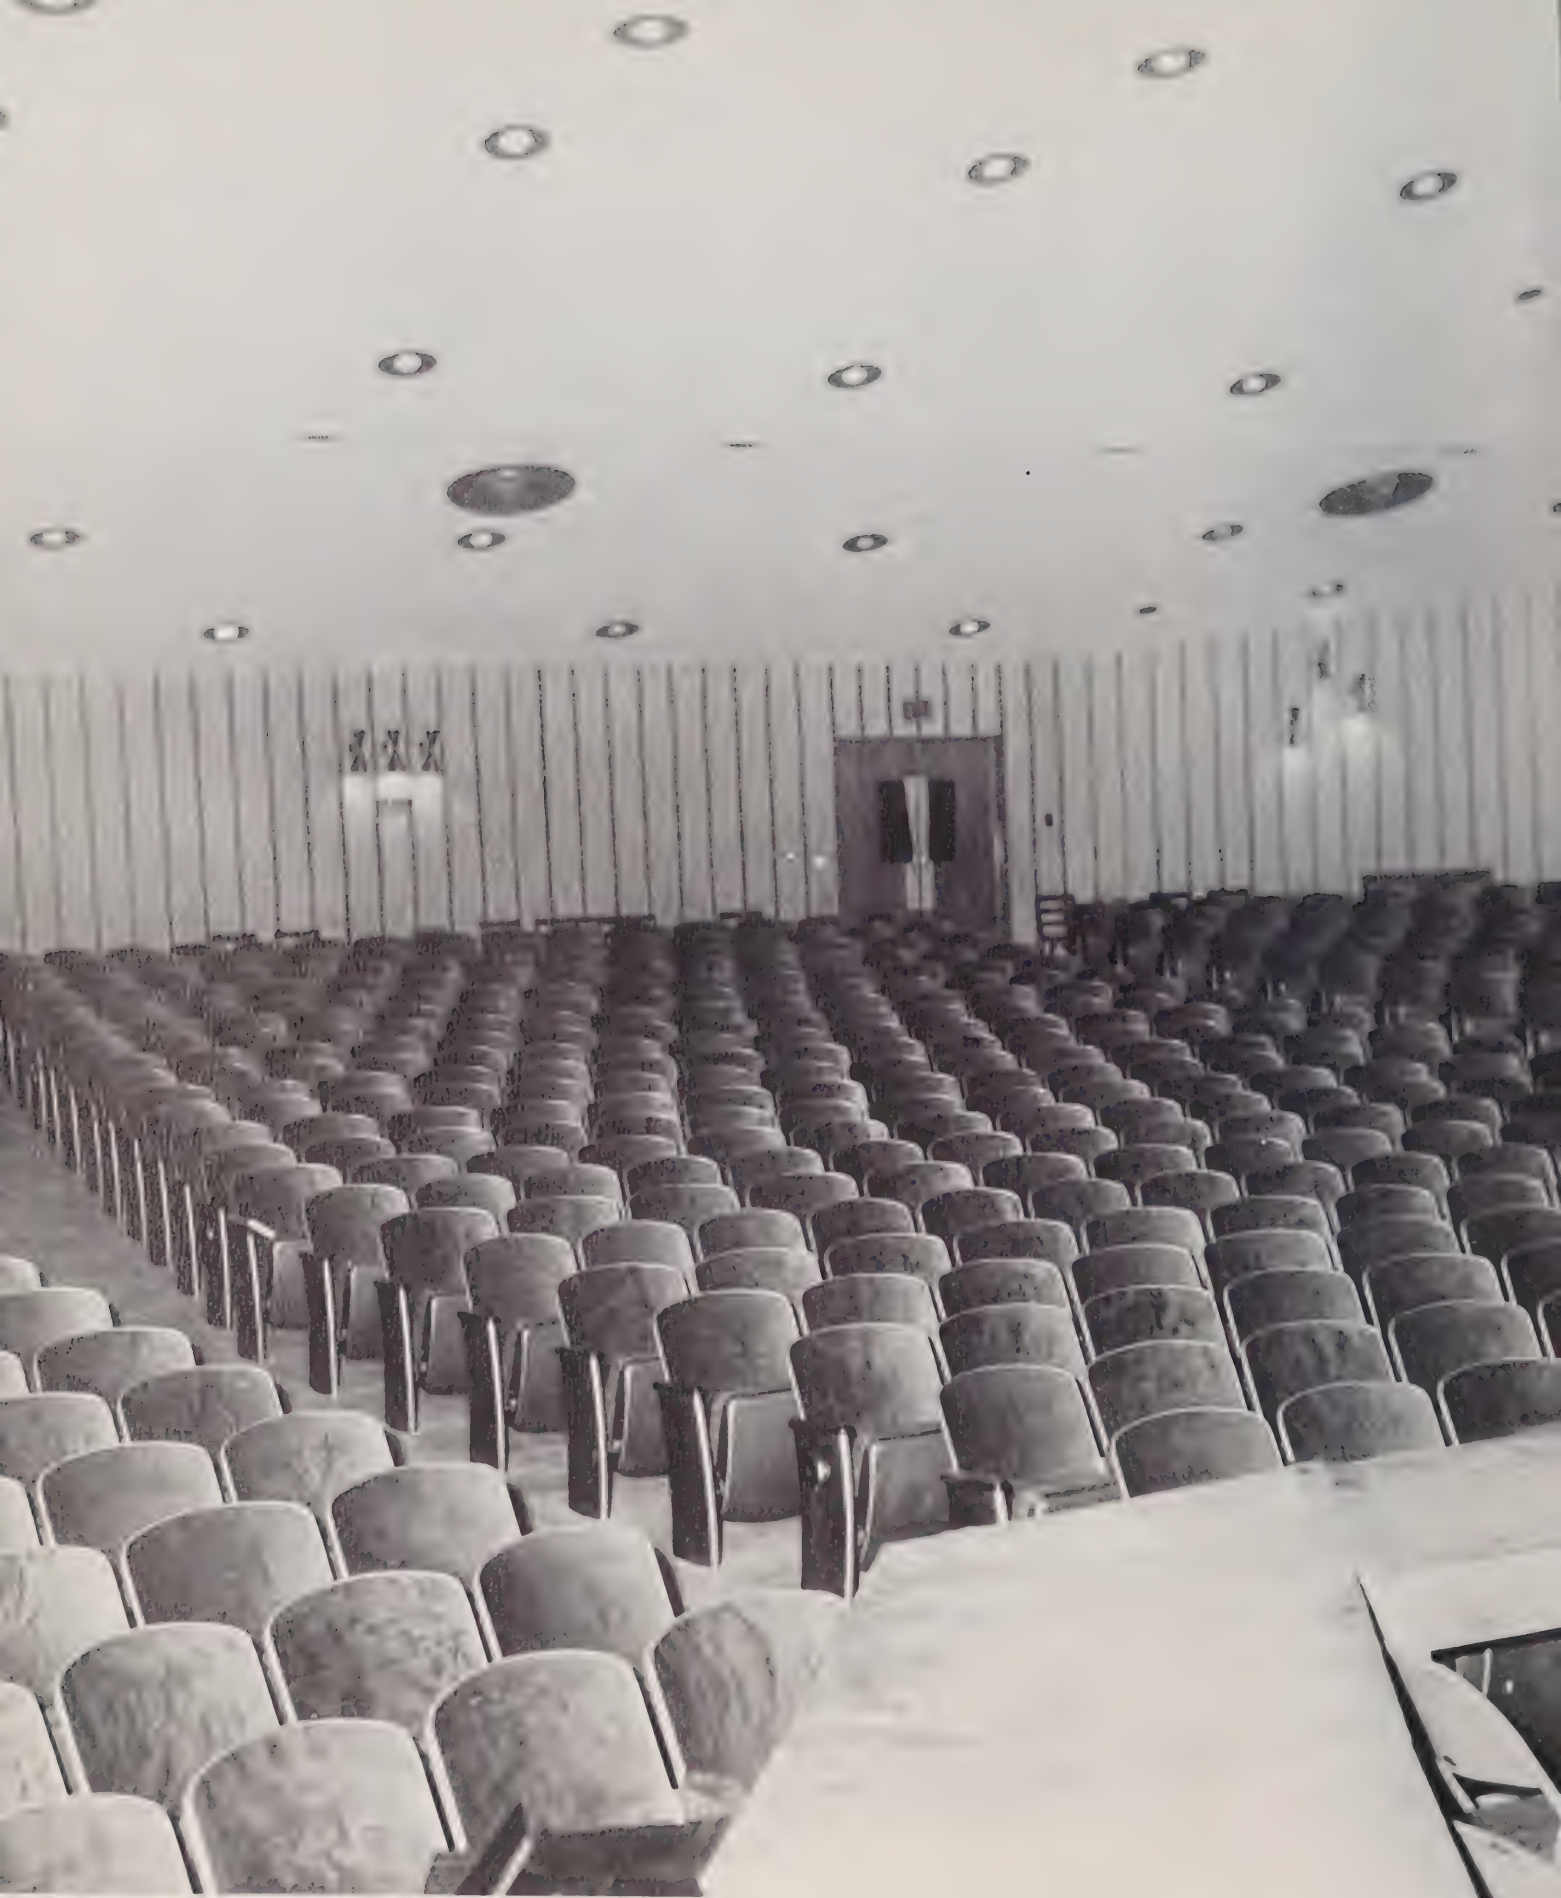

...remembering what we leave behind.

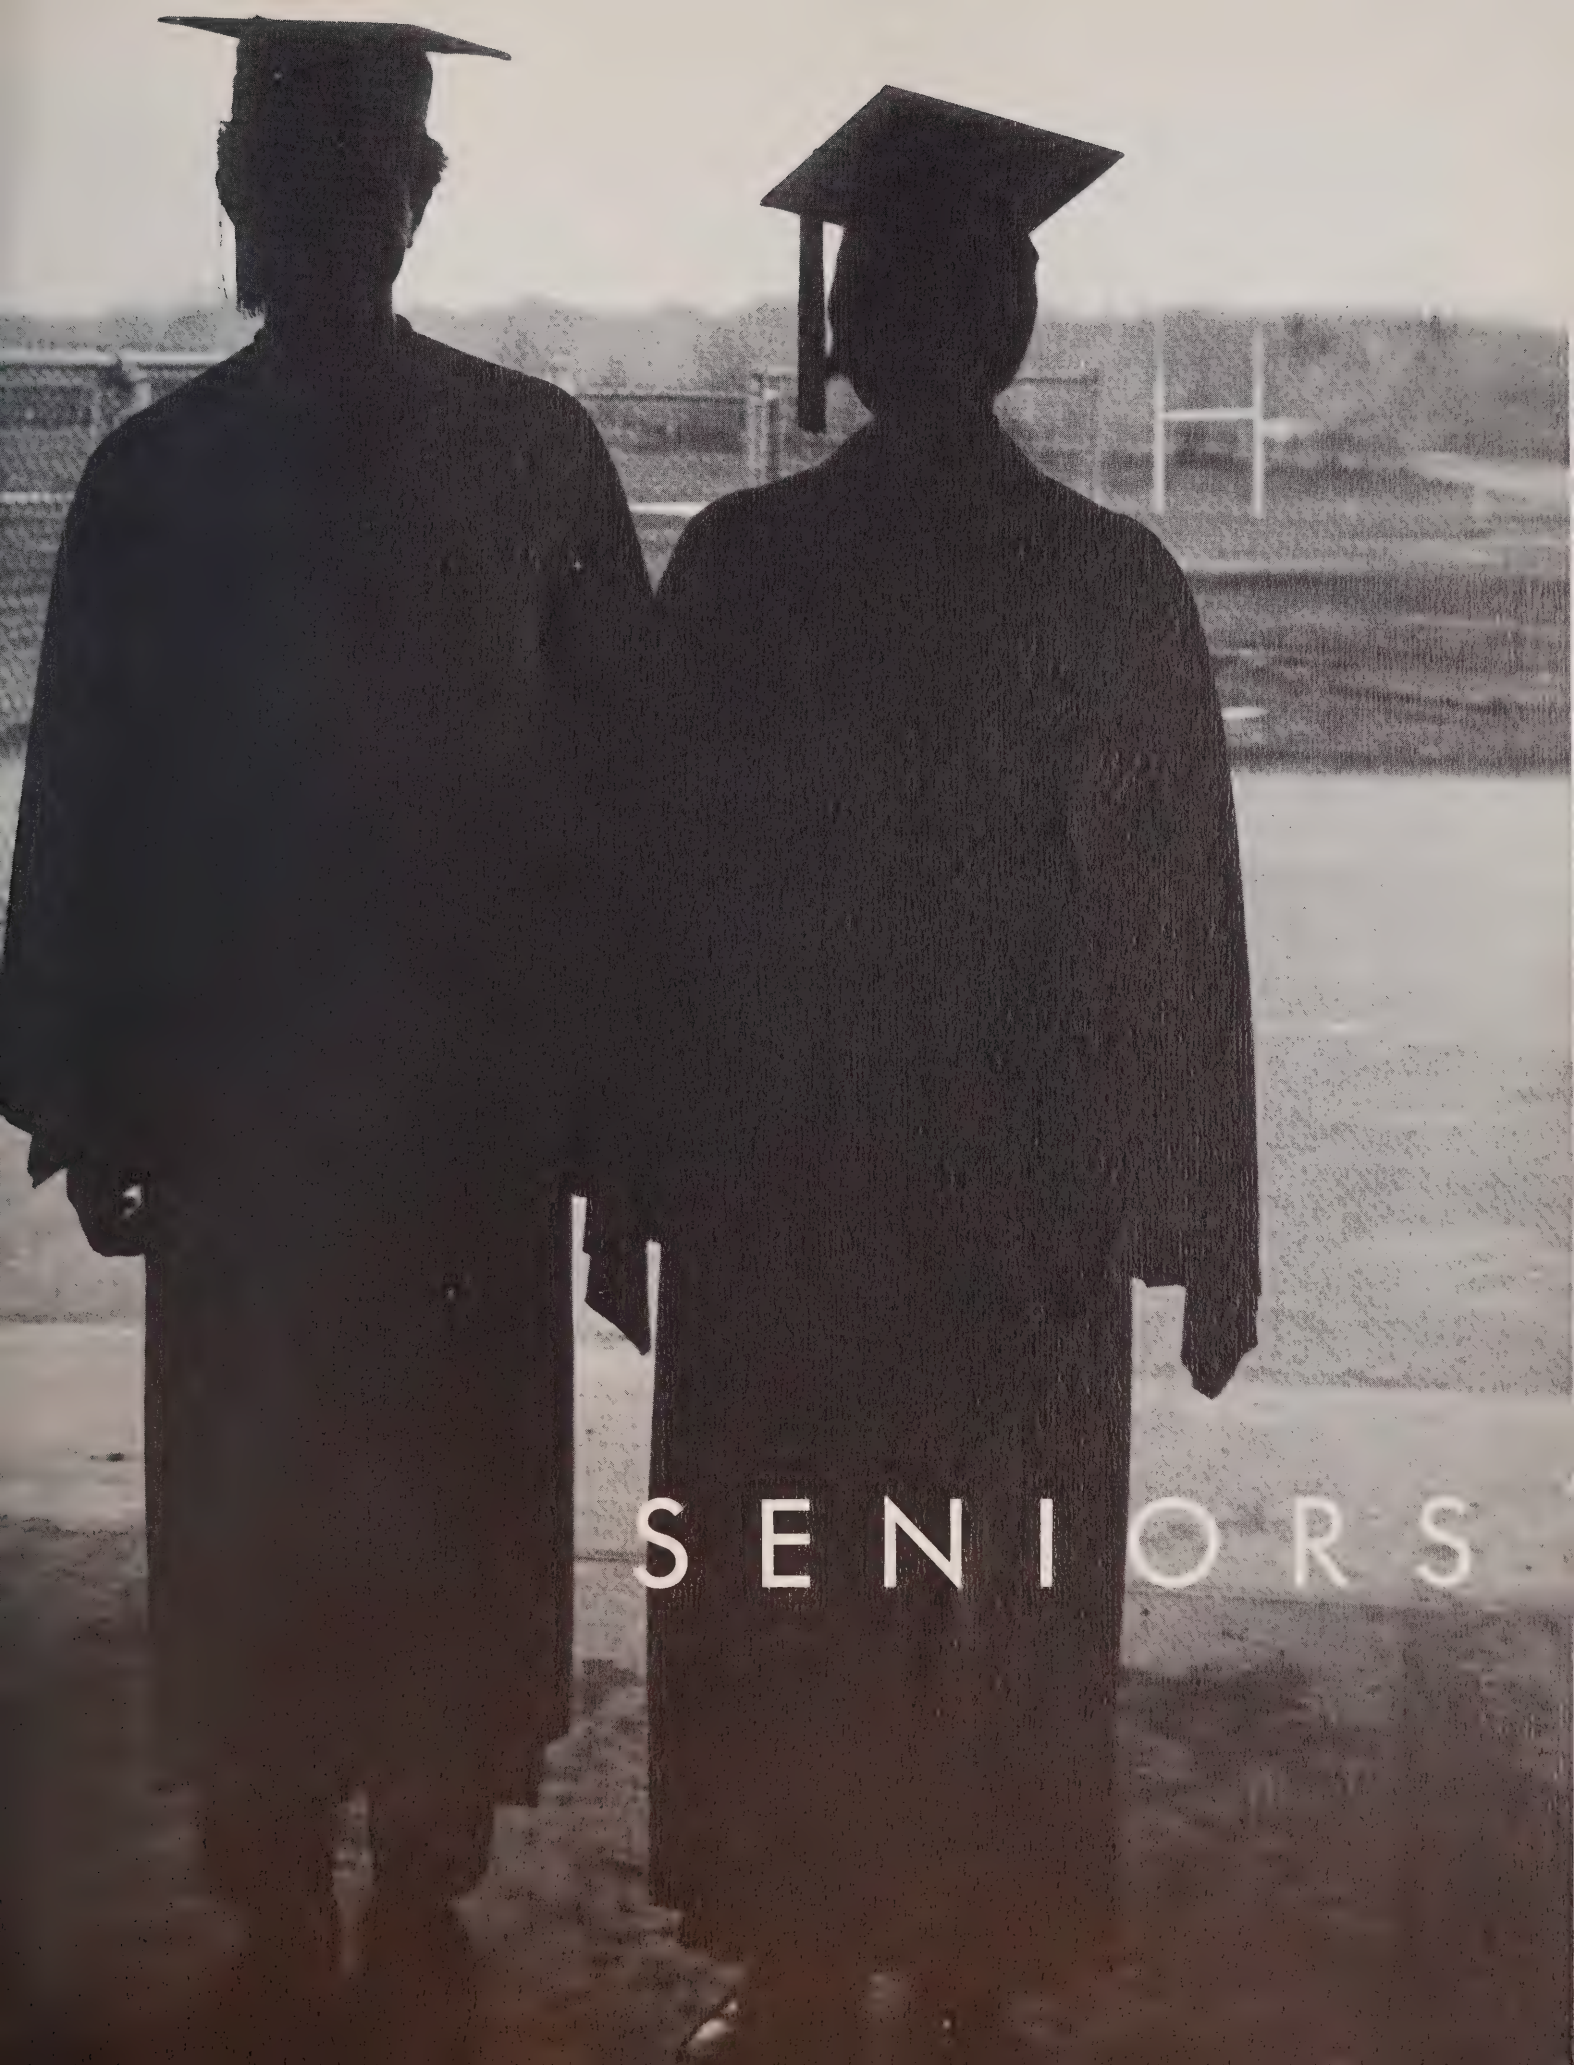

Change must precede progress.

MR. CRAIG R. BARROWS

"Bucky" replaced Mr. Snyder as our advisor only last year, but even so he has become one of us. Mr. Barrows has been good natured, and as we all know, he has put up with a lot from some of the more fun-filled members of our class. Despite all this, Mr. Barrows has been willing to give up some of his time for the Class of '71. He is frequently in attendance at yearbook dances and other class functions, and he takes a genuine interest in what we are doing. His patience and understanding have made him not only a "good guy" but a good advisor as well. Mr. Barrows, we thank you for all your time, and we hope that you have received some satisfaction from working with us.

MISS NATALIE T. KOZIARA

Although sometimes plagued with a "mal a la gorge"—Miss Koziara can still always be heard at our athletic competitions—screaming at the cheerleaders. When not advising the cheerleaders, the French Club or her students, Miss Koziara has done her best to help out our class. She has been a friend to many of us. She is always willing to listen to our problems, personal or otherwise. Miss K's quiet way of advising us and never leading or pushing us has made her not only a good teacher, but a good advisor as well. We want to thank you for everything, Miss Koziara, and we hope your next trip to France brings you as much happiness as you have brought our class.

MRS. JOANN McCULLOUGH

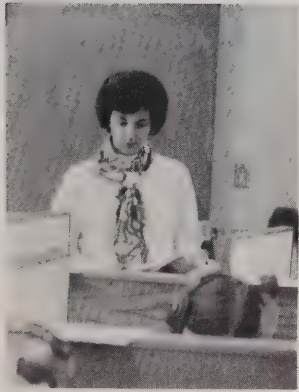

"Aunt Jemimah"—Always pretty, always smiling, always willing to pitch in and do the work . . . "How many more paper flowers does the gazebo need?" . . . Always there when we need assurance . . . "It's the best Jr. Class Play I've seen this year!" . . . Always knows what to say . . . "Your sautéed eggplant was great, Dave, but what about collecting the dues?" Throughout the last two years there have been times when we needed not just an advisor, but a friend as well—someone in whom we could confide, someone on whom we could count for understanding and sincere advice. You've been that kind of friend to us, Mrs. McCullough. We only hope that the rewards you have received as our class advisor will be thanks enough.

Of Appreciation

MISS BEATRICE L. TOSI

Although recently exiled to the Portables, Miss Tosi is still very much a part of our class. Her ability to relate to the students, her way of treating us like individuals, and the personal interest she takes in each student she comes to know, makes having her in class a good experience, and having her as an advisor a lucky one. Her warmth, and quick, easy smile always makes any problem seem a little less disastrous. Anyone who has ever had the opportunity to levitate Miss T., knows what a truly "heavy person" she is. Miss Tosi, we thank you for all the hours you have given us, and all the dances, proms, plays and meetings with which you have helped us.

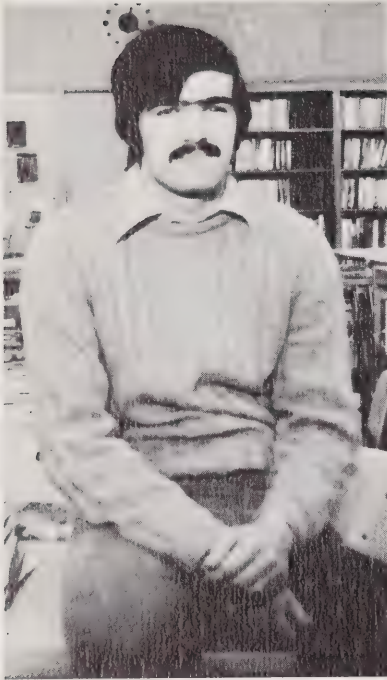

MR. PETER M. ZONA

"Z"—He's been with us for four long years. His first year here was ours as well, so we've learned the ropes together. He has all the qualities of an outstanding advisor. He trusted us: "I assure you, Mr. Cooke, no one will get lost at Fenway Park." He supported us: "Of course they're milk mugs, what else could they be used for?!" He had a way of handling touchy situations and we could depend upon his quick thinking in emergencies: "Mr. Klemmich, I had no idea the boys cemented the gazebo to the gym floor!" He has been patient: "If the yellow mixed tassles don't match with the gold gowns and the navy blue tassles don't come with gold tassles, why not wear mixed navy blue tassles?" Thank you, Mr. Zona—we only hope you've learned as much from us as we learned from you.

This year's elections had to be the closest ever. Dave Rocco was in a tight battle for President and we constituents saw many new faces running for offices. At the final count, Dave was again President, Libby again VP, Jean Sbrogna always a Treasurer, and Mary Collins not an Italian.

Probably the most hilarious stump speaking was done by Ed Simisky, alias Cynthia Krym Courtney, and John "Hang a Moon" O'Connor. John came out laughing as our Class Marshal.

Throughout the last four years, all our class officers have worked hard. Together, they've managed to make the Class of 71—number 1.

"Teddy's New Deal"

Things weren't quite the same when we returned in September 1971. After 45 years, Mr. Cooke had retired and suddenly we were hearing a new and different voice over the P.A. system. It was Mr. Lekas, who had surrendered the Social Studies Department to Mr. White.

Mr. Donovan had given up stalking the corridors and has made an explosive return to the Chemistry lab. Mr. Montecalvo has left the square dancing floor to fill the V.P.'s shoes. There have been adjustments, changes, complaints and praise. But all in all, the general consensus is that it's the same S H S. Love it or leave it.

Who are those girls wearing blue and gold, with a big S on their sweaters? Superwomen? No, they are our cheerleaders; who lead us cheerfully. These dedicated girls may be found at any football or basketball game, spiritually rallying the enormous crowds. Their frequent practices and good looks make our cheerleaders the best and prettiest in the league. Captained by Sandi Trippi, they always make us proud. Their ship of cheer will continue to sail through the oceans of victory and defeat.

What do you mean, you want to impeach the captain?

Pike's Revolution!

Band, Majorettes,

As Mr. Vella's champagne bubbles float away, the gleaming instruments and the spiffy blue uniforms of the SHS band are revealed. As the fog lifts from SHS early each fall morning, they can be seen marching across the parking lot preparing for the next football game. All their work is not done in vain—they always look and sound great!

Members of the Band

Using the open country instead of a track field, our cross country boys can often be seen jogging through town—or stopping off at the Dairy Bar for a coke. Trained by Mr. Munzner, these boys did well at several competitions this year. They received a trophy at the Knights of Columbus competition and at the Midland League Meet.

As usual, S.H.S. defeated Auburn in the Thanksgiving Game, so our Victory Dance was a success.

A Blaze of Glory

The autumn sun is sliding down
The pale blue sky to sunset now.
Its flaming rays invade the trees
And dance among twin-colored
leaves.

For us, as well, a sunset nears.
The autumn of our youth appears
And echoes songs of fire and rain,
The memories of joy and pain.
Don't be alarmed at this, our
Fall,

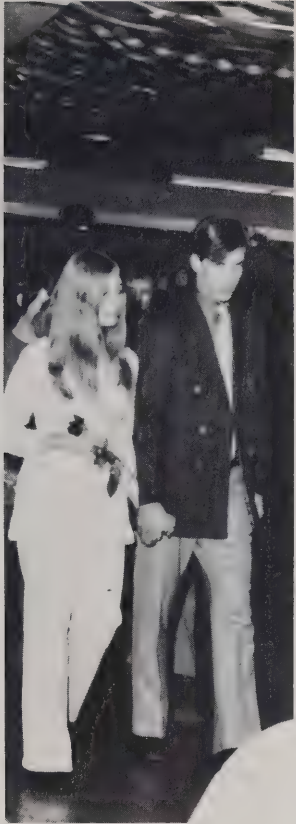

The leaves and sunset tell us all.
The moral of their brilliant
story—

Vanish in a blaze of glory.

"Which lunch did you have?"

Our famous school nurse and her medical monopoly of would-be nurse are firm disciples of Sue Barton, Student Nurse. Among the activities which inspire the girls' interest in nursing are the countless bake sales, stimulating speakers and informative meetings.

On a more serious note, the club can be proud of its donations to worthy causes and aid to those in need.

Some day, in time of emergency, you may find yourself in the jittery hands of a student nurse. BEWARE! She may be a former club member!

MMM!! What's that? Could it be? Why, yes of course, it's the FHAers stimulating students with sweet succulent smells streaming from the SHS stoves. These disciples of Betty Crocker spent most of their time out of the kitchen this year, however, and have concentrated on helping others. Annually they present a Thanksgiving basket to a needy Shrewsbury family, and help to entertain the elderly. We only hope the future homes they make are filled with all the warmth and happiness of a chocolate chip cookie.

"I am so sick and tired of hearing these complaints."

"You think you're sick and tired!"

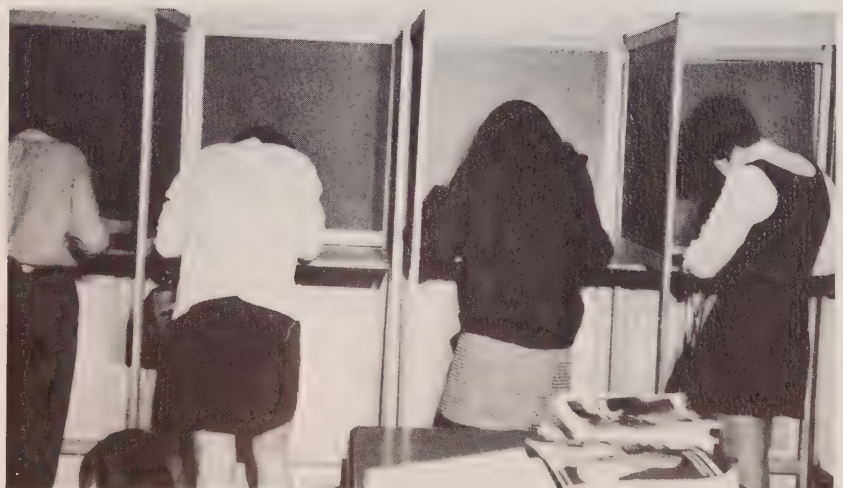

"Bonnie, I could've sworn Snoopy ran for president last year."

"Quick Tommy, kill it before it gets elected!"

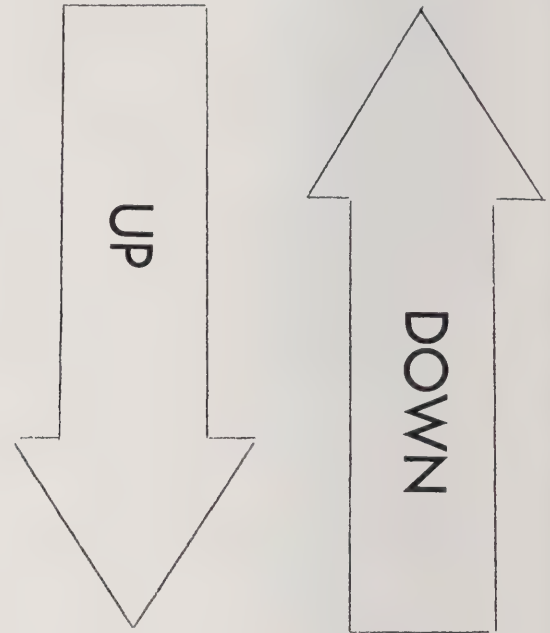

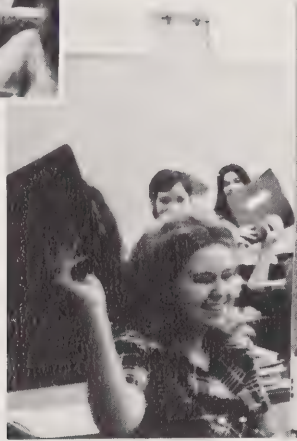

Whether it is getting an extra quota of toilet paper, having the record player fixed again, or zitting up the lunch periods with chocolate milk, the members of the Student Council are always pushing for progress. This year they won some battles, and lost some as well. Unfortunately, due to a thoughtless few, free study halls failed temporarily, as well as the plan for musical lunch periods. However, under the fearless leadership of Sandy Trippi, Sue Kelley, and Bonnie Wagner, and the advice of Miss Hubbard and Mr. Sullivan, the energetic eighteen will strive on, trying to make SHS what it could and should be.

The Match Game

FALL

One of the most anticipated and cherished highlights of the Fall Semester is the senior thesis. The first rounds of senior parties were held at Worcester Public Library during September and October. It's too bad that some of the English teachers forgot about the new marking system when they were grading our papers. When it was all over we moved forward to meet new challenges . . .

. . . Among these were the Up and Down staircases. When was the last time you tried to go *up* Mr. Jacobs' *down* staircase?

1970

By the time the portables finally arrived, we were beginning to enjoy having classes on the stage and in the woodshop—so we left them at the Jr. High for two months. After their long journey from the South, we thought they needed a rest. The administration had made a New Year's resolution to open them up by Jan. 4, however, and they did.

SHS played a decisive role in the state elections this year. After a little trouble getting over the Quinsigamond bridge, Senator Kennedy finally arrived to hold an open forum. Several weeks later Governor Sargent did the same. We are sure that our participation in these events affected the outcome of the elections tremendously.

Remember when the record player had an arm and needle?

Autumn, yes Autumn. Autumn was certainly a hectic time of year for the 1971 COLONIAL YEARBOOK STAFF. It was in autumn that five lucky members of our loyal Staff journeyed to the far-off land of New York City. In New York, at the Columbia University Yearbook Convention, the floundering five worked diligently, jotting down notes and newfangled ideas with which to victimize our yearbook. They worked hard, and put in long hours, but since one of the Shrewsbury delegates was "of age", they managed to relax.

Autumn was the exciting time of our senior class pictures and our clever yearbook write-ups. Who can ever forget the incessant nagging of the Photography Editor, "Did you get your picture taken yet? Have you returned your proofs yet? Well, what the hell are you waiting for?" Or who can possibly forget the confusing and obscure directions of the Literary Editors, and the equally ambiguous duties of their hard-working, hard-living, and hard-loving committee. "You can write your own, or you can have your own friend write your own, but you can't write your own friend's own!"

Ah, yes, beautiful Autumn—YOU CAN HAVE IT . . .

The season came to an exciting end during the St. Peter's game, which extended into a triple overtime.

Winter Cheering

The unexpected change in season brought the SHS cheerleaders off the snow covered football fields to the excitement in the Shrewsbury High gym. In the midst of "fast-moving" basketball action, the cries of our spirited cheerleaders could be heard echoing throughout the empty gym. Ripped off because their new uniforms weren't ready until the middle of the season, the ten bobby-soxers still managed to arouse the faithful fans with cheers of sis-boom-bah! But the whole season still had special meaning for Captain Trippi, Sue Kelley, Ann Mercik and Gemma Galli. This was the end of a career of sprained ankles, pulled muscles, dirty knees and rough, tired voices.

Hello Dolly!

The boys in the band

"Bottle? What bottle, Mr. Feldheimer?"

Bright and early each morning the sweet singing of angels is heard echoing throughout the chambers of SHS. Yes, it's the cooks gaily singing away as they prepare our wonderful meals. In another section of the school, one man is working feverishly attempting to awake some 90 odd soundly sleeping youths. Cries of "You're flat, altos," and "Sing MEN, YOU too, TENORS," are bounced off the woodwork countless times a day. Despite the many problems, lack of talent and massive odds, "The Lone Ranger" managed to produce and direct the biggest extravaganza yet to hit SHS. None other than "Hello Dolly." Our bowlers, derbys, and straw hats are off to Jack Feldheimer and his motley crew.

The A Cappella Choir blends twenty-five of the finest voices of our school. Led by Vocal Louis Vella, their talents are displayed at various concerts throughout the year. The A Cappella remains unique from the Concert Choir in that it is not accompanied by any musical instruments. We are all hopeful that the A Cappella Choir will make a guest appearance on the Lawrence Welk Show before it goes off the air.

The Shrewsbury High School Symphony Orchestra is one of the few truly cultural organizations in the school. Their unique interpretation of "Sleigh Bells" and "The Russian Sailor's Dance" always brings back fond memories of the Czar. With every string which is strung, every percussion which is pounded and every brass which is blown, the Orchestra slowly steals its way up the scale and on to Symphony Hall.

Elected by the students on the basis of their first aid experience, dedication to humanity, and popularity, the SHS Junior Red Cross is always ready to rush a student to surgery or perform a physical. Their main event is collecting gifts for the Worcester State Hospital and old Christmas cards. After that hectic time is over, Nurse Murray goes back to the clinic and the students return to their homerooms.

So this is what the Yearbook thinks of us.

Bimonthly the lucky students at SHS are treated to a fantastic deal: The sale of Shrewsbury High's own Town Crier. Bringing us the news first, fast, and factual, the Town Crier Staff works around the clock, striving to supply us with the latest up-to-the-minute, up-to-date news. Seriously, the Town Crier Staff does work hard, and should be congratulated. Despite the famous SHS printing press "it wasn't our fault," it was the duplicating machine," they always manage to produce a paper. Who cares if the news is a little out-dated? Who cares if the November issue comes out in May? We all know that it's not when the news comes out, but who brings it, and nothing can top a day off quite like the cheery face of a Town Crier Staff member crying "You can't Charge it."

"Where's the ignition?"

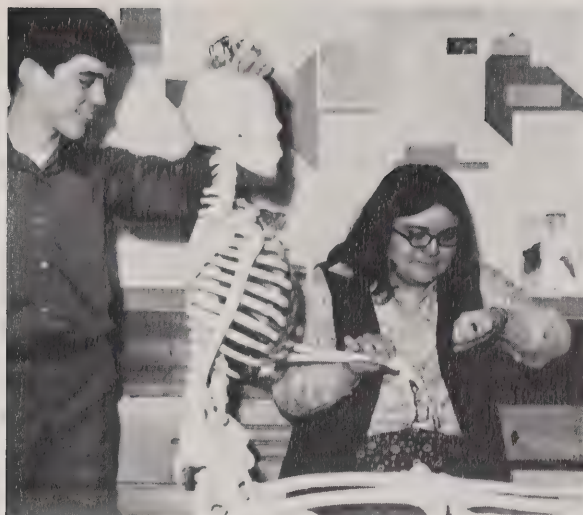

The SHS Biology Club (Class Mammalia, Order Primate) spends a great deal of its time helping with the school lunches by dissecting crayfish, earthworms and grasshoppers. At other times they can be seen at the back of the cafeteria, treating students with tempting tidbits left over from their labs. Occasionally they leave school and make a "Fantastic Voyage" to some local museum. Darwin would be proud of these diabolic descendants and their sincere study of life, at SHS.

Its members speak candidly, saying they are happy with the results of their work, both inside and outside the dark room.

The Rockettes

Man has landed on the moon, man has walked on the moon, and man has even golfed on the moon . . . meanwhile, back in Shrewsbury, the Rocket Club goes to the drawing board and the laughing launchers blast-off to the far away planets. Here on earth, the student body enjoys the club's bake sales, with products that are out of this world. The club's treasury will enable them to travel to the Smithsonian Institute in Washington to look at nose cones, space equipment . . . and to protest the closing of the Apollo program.

"Are you sure you're connecting those wires correctly?"

WINTER

When school reopened in 1971 so did the portables. Many of us felt they wouldn't last till June. Not only did they shake with every gust of wind but also sagged with each footstep.

The progress reports, which replaced D-warnings, allowed each teacher six guesses as to why we were flunking.

Once again, Shrewsbury's heating system proved to be outstanding. The winter weather, biting and cold outside, remained the same inside. The wearing of coats throughout the day became a fashionable style of the season.

1971

The mid-term boredom was momentarily interrupted by a well received bomb scare. 1400 freezing students trudged across the parking lot seeking refuge at the former Junior High gym.

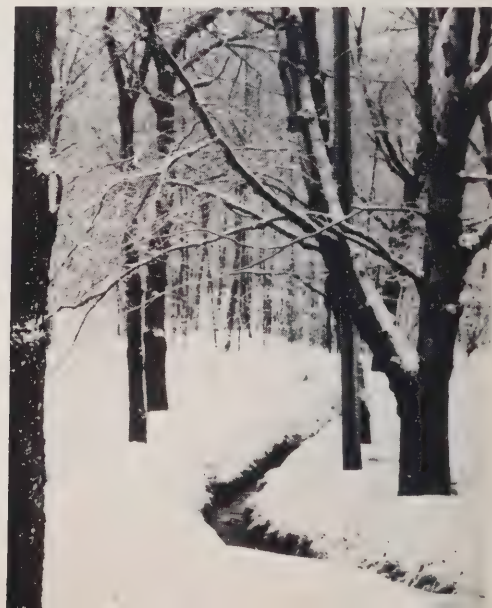

Front row, l to r: Rich, Tom, Amy, Charlie, John, Eddie. Back row: Freda, Donna, Carol, Cindi.

In the midst of the Colonial basketball season and the mid-winter homework drought, the 1971 Yearbook Editors and Managers were busy creating what they thought to be the "best book ever"! Throughout the season the Activities Committee and the Ad Sales Committee continued to nag the seniors. When all the "sure I was in this" sheets had been passed in and tabulated, our dynamic Activities Editor reported a grand total of 52 Cheerleaders, 78 Senior Football Players and 94 Student Council Members. Never has anything been so screwed up. However, thanks to D.Q. and her active committee and a minor miracle, things were finally straightened out.

At about this same time, there was a general shift in the influx of ads. Unfortunately the shift was downward, and a second nagging Editor continued—"Has anybody sold an ad?"

Throughout this the staff slaved on, taking pictures, laying our pictures, and missing deadlines. One of the highlights of the season was the dedication conflict—a noticeable number of seniors preferring sex to brotherhood. However, the vast support of the class and the universal hope for the Spring Deadline kept us striving onward and upward.

Teenyboppers Go Wild Over New "Rock" Pair

The Carpenters, hammering their way to the top of the popularity charts, have created a new type of music. Their summer hit of '70 was "Close To You." Upon returning to school, "We've Only Just Begun," tore the hearts of many screaming teenyboppers. This song created the solid foundation for

the class song of the Class of '71. These are the lyrics to the song written by Paul Williams and Roger Nichols:

*We've only just begun to live
White lace and promises
A kiss for luck and we're on
our way
Before the rising sun, we fly
So many roads to choose
We start out walking and learn
to run
And yet we've just begun.*

*Sharing horizons that are new
to us
Watching the signs along the
way
Talking it over just the two of
us
Working together day to day,
together
And when the evening comes
we smile
So much of life ahead
We'll find a place where
there's room to grow.*

*Sharing horizons that are new
to us
Watching the signs along the
way
Talking it over just the two of
us
Working together day to day,
together, together
And when the evening comes
we smile
So much of life ahead
We'll find a place where
there's room to grow
And yes, we've just begun.*

"Mr. Motto Meets The Yellow Rose"

Mr. Motto, played by "It's NOT WHAT YOU ARE THOUGHT TO BE, BUT WHAT YOU ARE," is the heartwarming story of High School

Seniors and their graduation philosophy. This philosophy was originally presented by Publius Cyrus, who wrote during the time of the Roman Empire.

The flowering co-star is YELLOW ROSE, who is featured in the Class Day scene.

Filmed by Lekas Brothers, on location, in the class colors of BLUE and YELLOW, this film is rated R: no one under 17 will be admitted.

SPRING 1971

I thought Freshmen got out at three o'clock?

What can you say about spring in the first week of March?? That in accordance with Shrewsbury tradition, some "unforgettable" changes in the school policy will be made? That possibly we'll pass the spring evaluation despite the graffiti on the boys' room walls? That undoubtedly spring fever will hit the anxious 320 seniors, most of whom will have started their summer vacations?

This April our Senior Ball will be held at the Chateau de Ville in Framingham, quite a change from the Shrewsbury High gym! And only the Class of '71 will have their skip day turn into a long and liquid skip month.

Class Day, the class trip, graduation and oh, those senior parties will somehow manage to end the season and for the seniors—four years at Shrewsbury High.

Funny, John seemed to have Spring fever all year long!

How to separate the men from the boys.

Time's up, my eighteen-hour girdle just expired!

"I don't know how to break this to you, but I have to be home by 10 o'clock."

"You can dress him up, but you can't take him anywhere!"

"This won't hurt a bit."

The top ten were: Lynne Bourget, Pat Collins, Paula Daly, Jane Ferraro, Michelle Franchi, Cheryl James, Debby Onorato, Rita Russell, Diane Ton, and Sue Westfall.

Who could ever forget the 15,987 paper flowers made by individual seniors for the Gazebo, or the mad search at various Worcester County cemeteries for artificial grass—enough to cover the bandstand? It took us months to get ready for the prom, and in a few short hours it was all over. Most of us did agree, however, that it was beautiful, and that it was worth all the work. For better or worse, we were the last class to hold our prom in the gym, and one can't help but wonder if the prom wasn't one of the reasons a new gym floor was installed this summer. After the dance and dinner, the remainder of the night was spent looking for the cool parties that someone forgot to have.

Track and Field

Marking time on the track field are our SHS runners. Led by their coach, Mr. Munzner, these boys have acquired several shining trophies for their shelf.

Last fall, track had something to look forward to—a new track field. Plows paved the way, leaving lots of mud and plenty of puddles. Snow covered everything and when spring rolled around, our boys continued their running around the parking lot. But the School Department has set the completion date for the spring of '71, so Shrewsbury may be a host this year for the first time.

The French Club, consisting of 50 odd girls, makes a monthly attempt to bring a little international flair to SHS. Their exciting games of Match, inspired discussions, and well-planned theatrical productions provide a unique experience which can only be appreciated by a true student of French. One of the highlights of the year was their fete de Noel, at the White Cliffs, where they enjoyed a typically French meal of Antipasto, Southern Fried Chicken and Creme Caramelle.

The S.H.S. stage was quite a popular place this year. Because of classes, the prolonged Jr. Class Play, and two months of "Hello Dolly," Masque and Wig was unable to get together until it was time for the Yearbook picture. Then things really started rolling—smash hit after smash hit—Academy Award nomination after Academy Award nomination. Director Kevin Rose "Zafferelli" plans to enter the club in the Drama and Art Festivals, this Spring. However, they are not sure if this will conflict with their upcoming European tour, scheduled for late May.

One of the highlights of the day at SHS is the serving of appetizing and nutritious meals—just like mother used to make! Where else can one get such delicacies as homemade bread, homemade cake, homemade hotdog rolls, and homemade peanut butter!!!! Although the menu varies so as to encompass many national dishes including Italian pizza, Italian grinders, Lasagna, Raviolos, manicotti and Irish Stew, each student agrees that there is nothing quite like a bologna sandwich. I believe in love even when I am alone
I believe in God even when He is silent

Springtime for yearbook . . . That could be a hit musical on Broadway. Yes, yearbook in springtime—what a production. All the anxieties, tensions and excitement of an opening night were witnessed by the most likely to succeed, typical SHS, most creative, friendliest, most athletic, and most mischievous yearbook staff. (And most conceited I might also add).

However, the great excitement was not due to an opening curtain, but rather to an overwhelming concern over the up and coming final deadline. Yes, the biggest of the biggies, the granddaddy of them all. Miss this, and no yearbook for Class Day. Disaster. Impending doom. Damned for eternity if the whole book is not completed for March 2.

On March 5th, eighty pages of the yearbook were still outstanding. Out standing where, I don't know. Yes, the staff had missed the deadline. After the "congratulations, we've missed another deadline" party, the staff decided to get down to business. We had to act fast. Not because the publisher demanded the material immediately, although he did. Not because we might not receive our yearbooks on Class Day—not any reasons like that. It was because spring fever, with the wonderful weather of spring, was creeping up on us. Yes, spring fever, along with another very strange disease, which affects about one-quarter of the population of SHS every year, was threatening the future of the 1971 Colonial. That other illicit illness? Senioritis, of course. Yes, we were seniors, entering the final stages of an illustrious career at SHS. In a few months we would be leaving the old alma mater forever; SHS, yes, underclassmen, it's all yours.

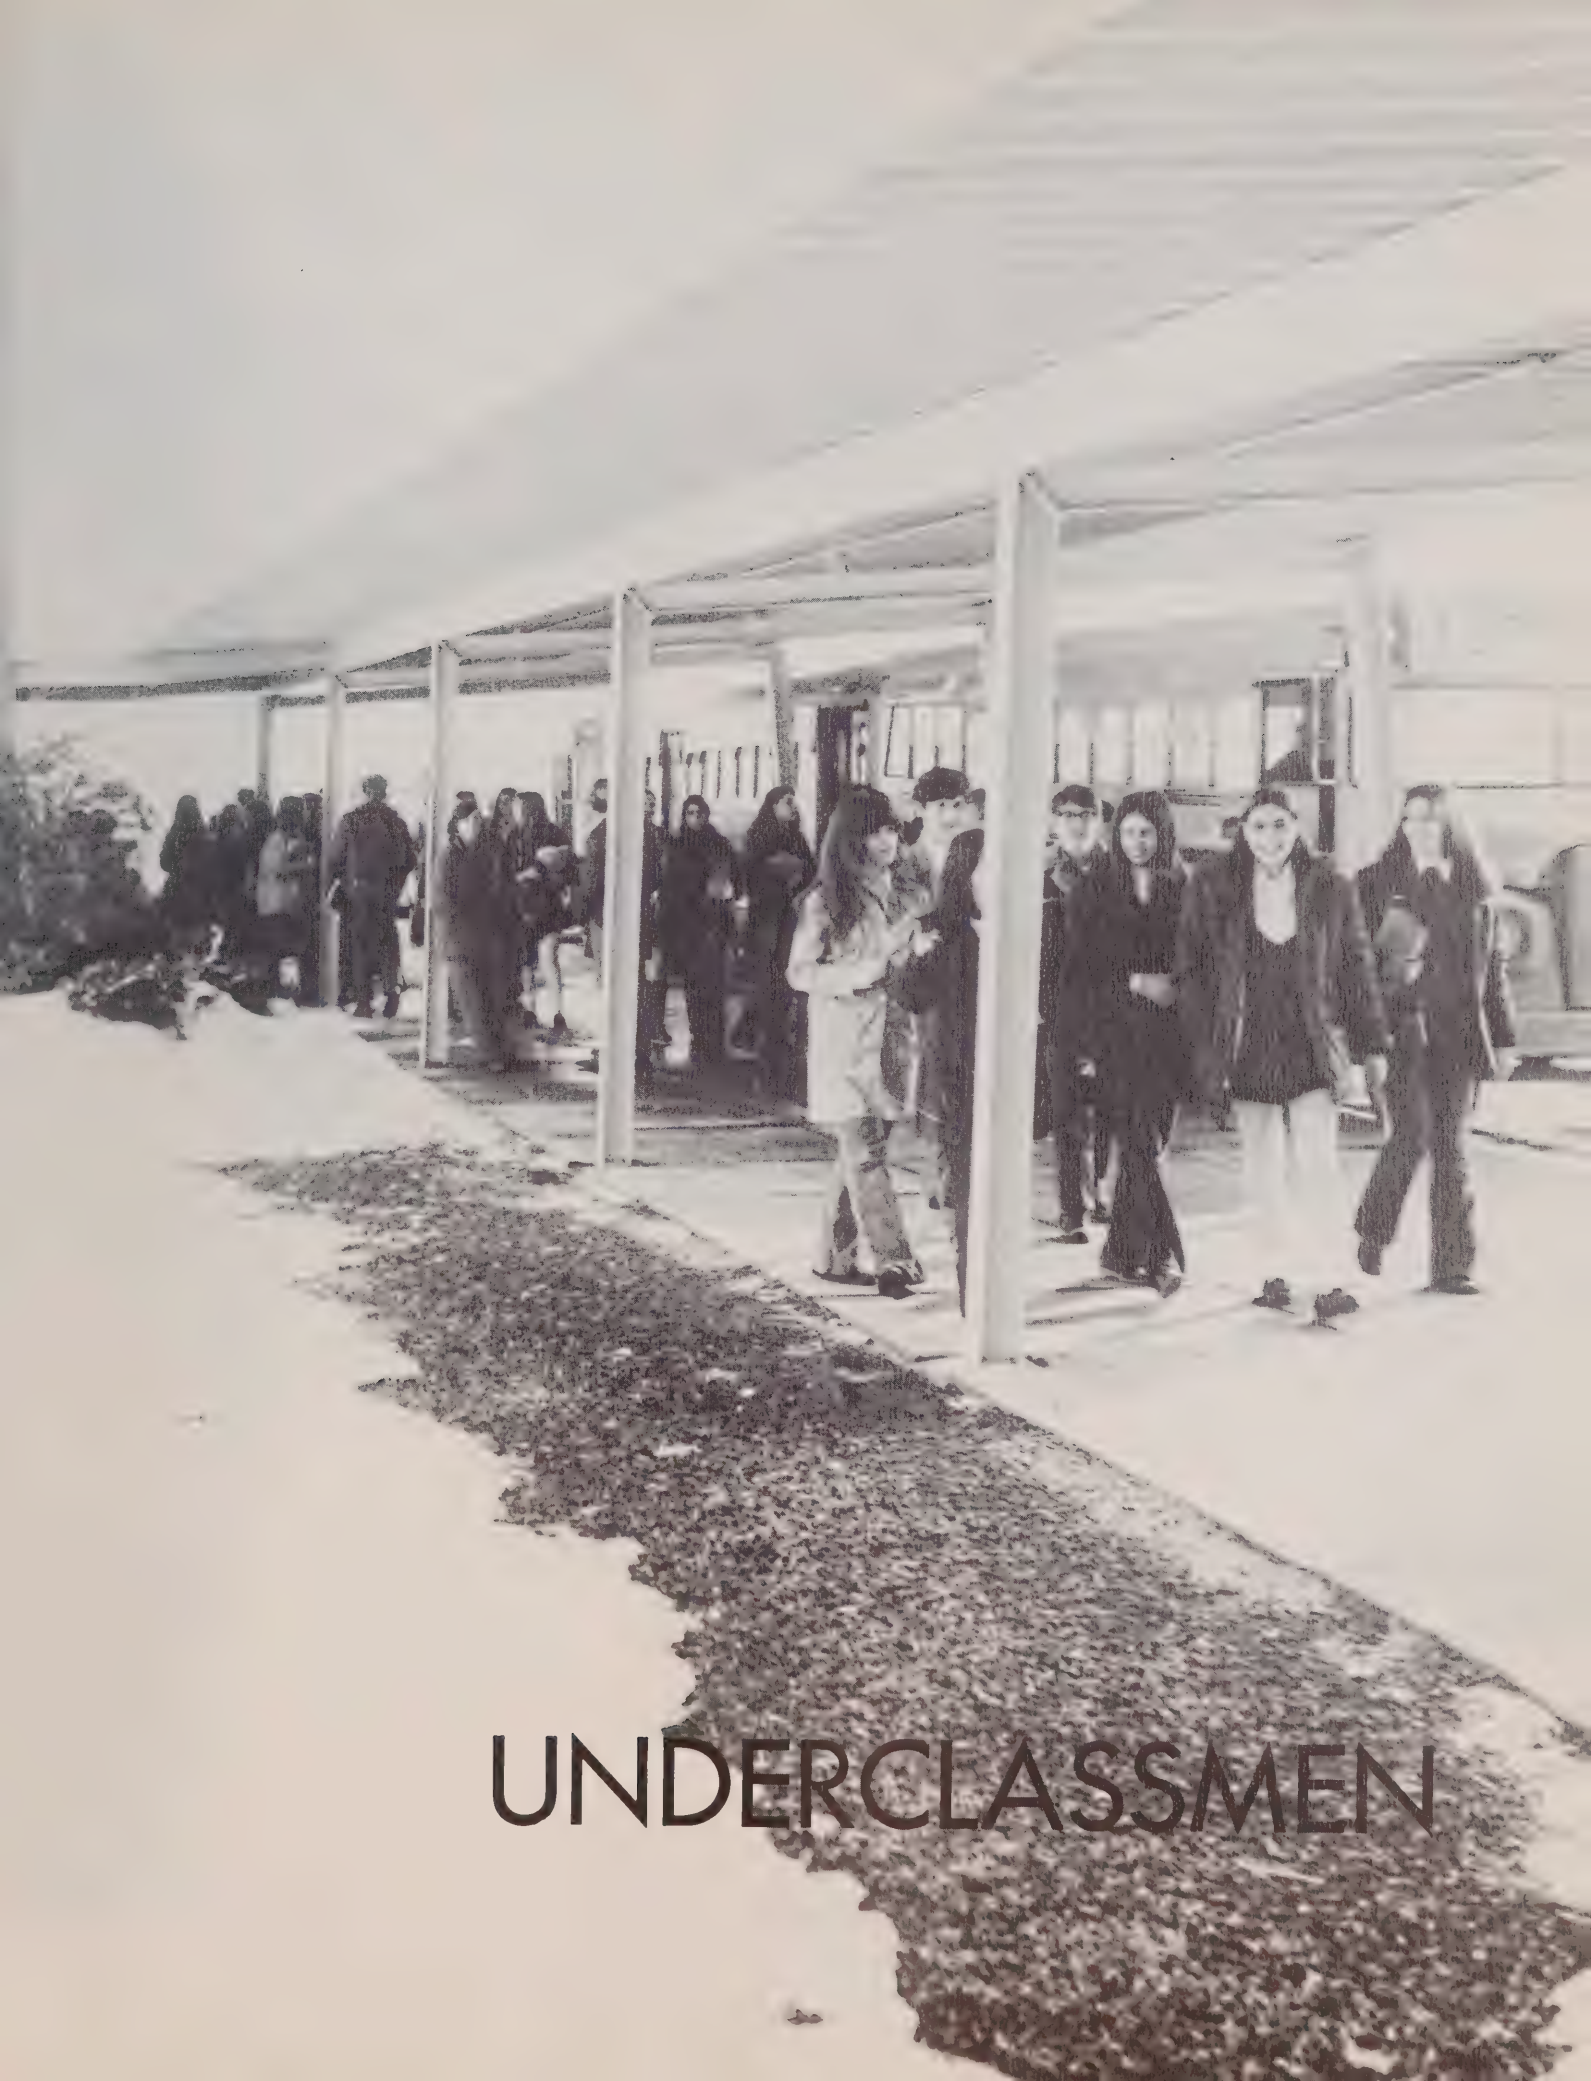

And that's the truth, so there.

Congratulations on missing another deadline.

Work Study works—once in a while.

And the seasons they go round and round
And the painted ponies go up and down
We're captive on the carousel of time
We can't return we can only look behind
From where we came
And go round and round and round
In the circle game
